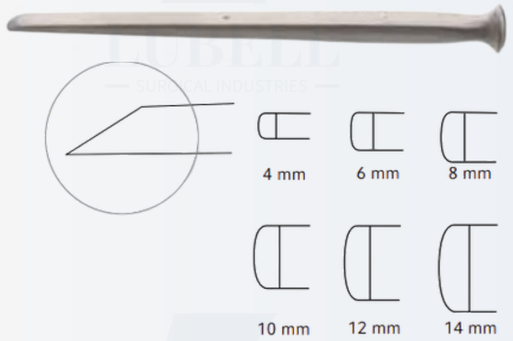
CHISELS AND GOUGES

Chisels and gouges are essential instruments for cutting, shaping, and contouring bone in orthopedic surgery. Chisels provide clean, straight cuts, while gouges are ideal for scooping or carving curved surfaces. Crafted from high-quality surgical steel, our instruments ensure sharpness, durability, and precise control for efficient bone work with minimal tissue disruption.

CHISELS

ALEXANDER CHISELS

7-1/8" (18 cm).



CODE #	DESCRIPTION
SC49040	4 mm
SC49041	6 mm
