

A comprehensive range of instruments for diagnostic and surgical procedures of the urinary tract and male reproductive system. Includes cystoscopes, resectoscopes, urethral dilators, stone-grasping forceps, biopsy forceps, catheters, and retractors. Designed for precise access, clear visualization, and atraumatic tissue handling within delicate, confined anatomy. Fine craftsmanship, polished stainless steel surfaces, and ergonomic grips ensure patient safety, surgeon control, and reliable long-term performance in both endoscopic and open urological surgery.

UROLOGY

Clutton Urethral Sounds

French gauge tapering, 265mm long
